

We understand that Healthcare facilities are one of the most challenging building types to construct. Veterans Electric LLC has the ability to be your one source solution for all your facility construction and maintenance needs.

We take the following measures to provide a clean environment for the safety of your patients...

Clean Quality Standards

- Fire Retardant Visqueen for “Soft Walls” and Temporary Drywall for “Hard Walls
- HEPA Filter Air Scrubber for Negative Air Results
- Manometer Air Pressure monitoring
- Multiple Shifts to accommodate Patient and Department needs
- Containment of Construction Activities in Sensitive Areas
- Mold Remediation and Lead Containment Certified

Healthcare Construction / Renovation Experience:

- MRI scanners
- X-ray rooms / lead walls
- CT scanners
- Lithotripter hook-ups
- Surgery suites
- Vascular labs
- Kidney dialysis
- Isolation rooms
- Patient rooms
- Exam Rooms
- Offices
- Complete clinics
- Mental Health
- Nursery / Birthing Rooms
- Eye Clinic
- Rehabilitation
- ADA Updating
- Joint Commission Upgrades/Corrections
- Dental

Primary NAICS Codes

- 236210-Industrial Building
- 236220-Commercial & Industrial Building
- 238110-Poured Concrete Foundation & Structural
- 238120-Structural Steel and Precast Concrete
- 238130-Framing
- 238140-Masonry
- 238150-Glass and Glazing
- 238160-Roofing
- 238170-Siding
- 238190-Other Foundation, Structure & Building Exteriors
- 238210-Electrical
- 238220-Plumbing, Heating and Air-Conditioning
- 238290-Other Building Equipment
- 238310-Drywall and Insulation
- 238320-Painting and Wall Covering
- 238330-Flooring
- 238340-Tile and Terrazzo
- 238350-Finish Carpentry
- 238390-Other Building Finishing
- 238910-Site Preparation

Sponsorship & Education

- Silver Sponsor of WHEA
- Members of WHEA (Chapter 1) & ASHE
- Exhibitor in WHEA's Annual Technical Exhibit
- WHEA Healthcare Construction Certification Training:
- WHEA Facility Door and Hardware-Function, Fit and Repair Training:
- WHEA Firestopping & Fire/Smoke Damper Program Training:
- All our field personnel have been trained by Hilti certified trainers for firestopping floors and wall penetrations, as well as STI and 3M firestopping products
- OSHA 10 hour and 30 hour Training
- AGC STP Class Series (Leadership Supervisory Training)
- Mold and Lead Remediation Training and Certification

Continuing Education is key to Quality Healthcare Construction...
